

Full Name: Professor Dr Shazia Sultana

Specialization: Agro- Biodiversity and Bioenergy and Ecology

Professor Dr. Shazia Sultana is a highly cited (19000 Citation, H-index 62) internationally acclaimed woman scientist recognized for her outstanding contributions to Plant biodiversity, Ecology, Sustainable Agriculture, Biotechnology and Bioenergy research. Ranked among the Top 1% most influential Scientists Globally (2020–2026). She has established a strong global reputation for advancing sustainable solutions in Agro-biodiversity and renewable energy. She has authored over 400 high-impact factor Scopus publications reflecting her significant scholarly influence. Her research is widely acknowledged for its interdisciplinary impact, particularly in bioenergy systems, ecosystem sustainability, and climate-resilient plant resources. Dr. Sultana currently serves as an International Professor in China, Uzbekistan, Saudi Arabia and Turkey, actively promoting global research collaboration, academic exchange, and capacity building. She is also affiliated as a Senior Research Professor at the Department of Plant Sciences, Quaid-i-Azam University, Islamabad. Her academic achievements include 10 international books and 30 book chapters, along with numerous prestigious recognitions such as the Highly Cited Research Paper Awards (Elsevier & Wiley), Productive Scientist Awards (PCST), Postdoctoral Fellowship (IPS-Malaysia), Best World Gourmand book award and Best Research Paper Award (Uzbekistan, Pakistan). An active member of leading scientific organizations including IPS, SHC, ASPS, AFOB, FLPH, PCST, and HEC, Professor Dr. Shazia Sultana continues to play a vital role in shaping global research in plant, biotechnology and Agriculture sciences. She stands as a leading international figure in plant bioenergy and biodiversity, and an inspiring role model for women in science worldwide.
